Excellence in Greenwich Real Estate

In-Town Sophistication

Enjoyed for twenty-seven years by its present owners, this five-bedroom Georgian is set on a tranquil cul-de-sac just moments from downtown Greenwich. Introduced beyond a circular Belgian-block-lined drive, the beautiful property is embraced with flowering gardens and meandering stone walls. The classic residence is filled with old world character and warmed by four fireplaces. Elegant for entertaining, the spacious living room and dining room feature pre-Revolutionary wood paneling from a vintage Massachusetts home. A light-filled sun-room overlooks the private, 1.34-acre park-like property, formerly a Rockefeller family riding rink. An eat-in kitchen, den, solarium with adjacent greenhouse and double-bedroom suite complete the main level. A back stair is easy access to the four-bedroom second level. This rare gem in the North Street School district offers endless possibilities, options for expansion and a premier location in central Greenwich.
